**PARKS/AMBULANCE BOARD–Councilmember Moore**

1. **M/S Moore /Senenfelder** to approve of Walker Park Advisory Board Minutes of March 26<sup>th</sup>, 2019.  
Motion passed (5-0)
2. Discussion on Cycling Without Age program.  
Moore -Simon Whitehead approached the Park Board requesting the City to take the name of the Cycling Without Age. He has done a lot of work. He just finished the pilot to be a trainer and right now a grant would pay in full for it. They are asking for the City of Walker to take ownership of it and to put it under our City umbrella.

She added that Terri did some investigating with First National Bank Insurance and there is a waiver out there that could be given to them to take a look. 'I think it's a real good idea, there are many towns that have this going, and it makes Walker one of the first in Minnesota, a City in Wisconsin is doing really good; an entity bought six already. It's a good program.'

Wilkening questioned why the City would want to do that. 'We aren't going to possess it or technically maintain it, but we are responsible for making sure that it is maintained and insured?' He questioned why the County isn't doing this.

Senenfelder questioned why not the County or a private entity that deals with that cliental isn't taking this on. He added currently there are no City's in Minnesota that are on board with this. He states that the ownership in Wisconsin is through a private business. 'I think it's a good program and it is a good concept, however I am not sure it is something that the City wants to get involved in.'

Wilkening added that he thinks the County should take it.

Senenfelder stated that was brought up to Mr. Whitehead at the meeting that he could have all of Cass County and encompass three Cities that currently have bicycle trails; Pine River, Backus and Walker.

Moore stated that she asked Simon why he wouldn't go through Cass County and it was suggested by members of Walker to follow the City first. Moore added the only liability that she can see is if it would be put under our umbrella. Moore stated that she thinks it's a good program. She added that May Creek and Hope Lutheran would all take their weeks; Calvary, May Creek, Hillcrest, Leech Lake Seniors, St. Agnes. 'I think it's a good thing, but if you guys think it's such a problem with the City being liable.'

Hansen stated that the first thing that comes to her mind; for example like Minneapolis. Who is in charge of all those bikes?

Jed stated that he would like to see more closely just who they think is going to manage the bikes on a day to day basis or is Terri going to have 50 phone calls a day about a three wheeled bike.

Moore states that she did ask that question and what was explained to her that each entity takes it on. For example if May Creek has it for the week, they take all the reservations and then when Hope has it, they take all the reservations.

Hansen questioned why one of them couldn't own the bikes.

Senenfelder stated that it was because they denied them. May Creek was offered and they denied it first prior to coming to the City.

Hansen believes that it would clutter our Staff as far as maintenance and reserving them.

Moore replied 'they wouldn't do none of the work, just put on the insurance.'

Hansen- 'oh, these are City owned, let's call the City.'

Bjorklund stated that Simon requested that the City consider owning and insuring this bike. Would anyone like to make a motion so Simon has some direction from our Council.

**M/S Senenfelder/Wilkening to deny the ownership of the bike.**

**Ayes: Hansen, Senenfelder, Shaw, Wilkening   Nay: Moore**

**Motion passed (4-1)**

3. Discussion on Walker Park Advisory Board term limits. Kristen Holly is requesting applying term limits to all Board members; appointed and elected. Moore stated that this is for townships to have term limits, but it's basically for the townships to have term limits. Wilkening stated that not having term limits creates continuity. For example on the Planning Commission if I don't run and Mary Beth is still there she has two years' experience. Senenfelder stated that currently the Park Board is made up of seven members; two City Council members appointed by the Mayor, a Shingobee board member appointed by Shingobee, Turtle Lake Township board member appointed by Turtle Lake, three at large; two from City and one from Shingobee Township. Wilkening- 'And the three we'll call at-large are term limit.' He questioned why would want to change that. Senenfelder stated that he is not in favor of changing the Ordinance. Hansen stated that if we don't have term limits on some people we could become stagnant. 'We have people that are always going to see it the way they see it and if they don't have to leave then they aren't going to. I feel like our park is in need of some fresh blood.' The Board discusses the most recent Board members. Bjorklund stated that Shingobee has two seats on the Board; one is elected and one is appointed by this Board. Steve Bilben is the Shingobee resident that sits on the Board that has a term limit. Nancy Beard is appointed by the township. Wilkening suggested that if we change anything than we should eliminate people from outside our City Limits to serve on our Boards. The intention behind that was to get them involved in cooperative thinking for funding, etc. The Board discussed the recent donations from Shingobee Township. Wilkening clarified that the thought was much grander than that. Moore stated that another issue is actually trying to find Board members to sit and be committed to it. She added that she feels it is a little stagnant and that people are set in their ways. Senenfelder disagrees. 'We just put up a playground in the Park with help from Friends of the Park and we had a donor come to us and want to donate money to put a pickle ball court and there was no opposition to any of that.' Moore responded, 'I know I work on the Park Board and have worked on the pickle ball, I am not talking about that. I am talking about the meetings.' Moore stated that she termed it wrong. 'They are set in their ways about certain things.' Senenfelder stated that he doesn't believe that they should take people off of boards for the sake of taking them off of boards. Moore notes that she doesn't think they can tell the Townships who they can appoint and how they can run their government. Shaw stressed that he sees it from a structural standpoint and they develop a certain level of expertise from their service on whatever board they are serving on. 'The term limits would be the elections that we hold every two and four years; that is effectively a term limit.'

Holly stated that the request she made wasn't written correctly in the agenda. Holly-The request has two parts to it; that the term limits be for the Shingobee Township appointees. 'Why do you have appointees? Why not just have so many representatives from Shingobee Township and so many from Turtle Lake Township and so many from the City of Walker? So if Andrea Johnson wants to come back on the Park Board and she lives in Shingobee Township she doesn't have to wait for someone for 20 years that doesn't want to get off there. She would have at least the chance.'

Senenfelder stated that Steve's position opens up in 2021.

Holly-I am saying that it is two parts. The power on the park board is disproportionate. There are two City Council people and two Township Board appointees; so over 50 percent of your Board is being controlled by government appointed persons. If Shingobee Township always wants to have a person on there that always says no, or doesn't go for grants or doesn't want to go for more money. The City Council and Shingobee Township is limiting it and want to control that park. There are four people over three that will always have that control. Some Boards only have one Council person and you have two Council people. Why are we letting Townships that don't pay taxes in the City; yes they do donate some. Why are we leaving it up to them? We are letting them control everything that happens in our City Park.

Wilkening stated that he was referencing Township members in general. It wouldn't be equal on our Board from the Township.

Senenfelder believes that the Park Board is working.

Hansen stated that she believes what Kristen is asking if it could be more balanced. She added that we have four appointed people to three citizens, questioning why the Park Board is so different from the Library Board.

Bjorklund clarified that the Library Board is defined by State Statute. It defines that only one member of the City Council can sit on that Board. Park Advisory Board is not defined by State Statute to that degree. It gives leeway to the City Council to form a Park Advisory Board and to set those rules.

Senenfelder stated that he would love to have Andrea back on the Board and has heard Steve mention that he would step down so a younger person can be on the Board.

Moore-'I see stubbornness in certain situations, is what I was talking about Jim when you got all hostile with me.'

Holly-'What Char has requested the Friends of the Park do is maybe the Park Board would consider including them in their budget. Many of things are things other towns do in their parks. Creating a photo opportunity and creating a way for social media to get involved in Walker. Nevis has a Muskie; Paul Bunyan. We have all these iconic stops that people make throughout the State.

She stated that they have come forward to the Board many times with this request and have always been met with 'we don't need that.'

Senenfelder stated that he doesn't believe that a photo op request has ever been brought to the Board and doesn't recall anyone saying we don't need that.

Holly-It wasn't on the list.

Moore questioned if Jim was on the Park Board at that time.

Jed stated that this may ultimately be a Township Board subject.

3. **M/S Moore/Senenfelder** to approve of Ordinance No. 2019-04, an Ordinance amending Chapter 22 Parks and Recreation and Chapter 24 Streets, Sidewalks and other Public Places.

Wilkening stated that he has questions regarding the terms and words.

Bjorklund stated that this is a good time to have discussion and possibly return it to the Park Board.

*Sec 22-22*

*(9) Discharge water or any other waste in the city park except into designated dumping stations.*

**Change to:**

*(9) Discharge grey water or any other waste in the city park except into designated dumping stations.*

Senenfelder stated that he has all of the suggested changes written down and could give them to Terri and then bring before the Park Board.

Wilkening brought up the following definition on how motorized recreational vehicle is defined. Stating that prohibiting the use of a dirt bike in the park makes sense but not prohibiting a snowmobile.

*Motorized recreational vehicle means any self-propelled, off-the-road, or all-terrain conveyance, including, but not limited to, a snowmobile, mini bike, amphibious vehicle, motorcycle, go-cart, trail bike, or dune buggy.*

*Sec 22-30*

- (8) Operate any non-licensed motorized vehicles such as dirt bikes or mini bikes within the boundaries of any city park.*

*Sec. 22-31. - Motorized recreational vehicles.*

*It shall be unlawful for any person to:*

- (1) Operate a motorized recreational vehicle within a park, except in such areas and at such times as designated by the city council, administrator/city clerk-treasurer or his authorized representative.*
- (2) Operate a motorized recreational vehicle without a valid driver's license.*

Wilkening reads from Weapon definition.

*Weapon means any device from which shot or a projectile of any type can be discharged by the means of an explosive, gas, or compressed air or otherwise propelled, including, but not limited to, firearms, bows and arrows, slings and spring guns; provided that except for provisions prohibiting the discharge of weapons, the term "weapon" does not include a firearm.*

Wilkening stated that he was thinking it is a good thing it doesn't include a knife, because a lot of people carry knives into the park.

Bjorklund stated that the intent was the control of the geese.

Wilkening suggested changing the wording to:

*Unlicensed.*

Ayes: None Nays: Hansen, Moore, Senenfelder, Shaw, Wilkening

Motion fails (0-5)
