The City of Walker will launch a new notification service called Nixle. This will help to improve communication with those who live, work, and visit our area. Through Nixle, the City of Walker can deliver messages securely to City residents by email and text messaging. Attached is an Opt-In form that you can fill out and return. You can Opt-Out at any time by calling City Hall and requesting your name and information be removed from the City of Walker group.

The following are some of the non-emergency alerts that may be considered for notifications but not limited to:

Significant Road detours/work, Water or Sewer planned service or interruption of service, Large-scale public works projects, traffic mitigation, community events such as parades, picnics/fundraisers, boil water orders, other meetings/events, unforeseen crisis affecting public safety and weather related parking bans.

Depending on where you are and what you are doing at the time the messages are sent, a text message or email could be the best communication method to alert you. Sorry, we are not able to accommodate landlines for voice messaging; CELLULAR PHONE TEXT MESSAGE AND/OR EMAIL ONLY.
